SICO® Armor-Edge® folding leg tables - wide range of top shapes and sizes, durable solutions for banqueting & conference rooms

Green is all about Sustainable Design. SICO® develop products and services that reduce the use of non-renewable resources, minimize environmental impact, and follow the principles of Sustainable Design - working to bridge the gap between supplying sustainable, earth friendly product solutions and constructing products that are good value for our customers. Whenever possible SICO® uses low-impact materials that come from renewable resources, or we search for recycled materials that require minimal energy to produce. Green is within reach for most projects, even when project budgets are tight. Today, there are many opportunities for customers to choose 'green' with new product that will yield a sizable payback over time.

TRANSFORMING SPACES SINCE 1951
The leader in space efficient products.
