ATTENTION : LINDSAY BOTES

Dear Lindsay

We as one of the primary design companies in South Africa would like to recommend Rodlin Design for the quality of products they supply and secondly for the commitment to the projects we have worked on: They have stood by and serviced the products to our and our clients' satisfaction.

We have found Rodlin Design to be professional, reliable and responsible business people and would not hesitate in recommending their products and service to anybody.

Best regards,

MICHAEL HARRISON
